

# BUY DIRECT FROM FACTORY

Mastertec® & Autotec® are trademarks of Innovative Global Sourcing (IGS). Everyone at IGS has one goal in mind, exceeding your expectations. We know you have many different tool suppliers to choose from, so if you're asking yourself why I should buy MasterTEC / AutoTEC tools, let us give you a little information about our company.

We know time is money, and in the repair / service industry re-working a project can take away any profit you have, or worst case scenario, you could lose your customer forever. From the end user working with our tools to the client looking for a factory, our goal is simple; do our job correctly so you can get your job done the first time.

Key people in our organization have worked in the tool industry since the early 1980's in the automotive, farm, and home repair markets so we have a good understanding of your requirements. MasterTEC / AutoTEC offer professional tools that can pass any government standards. If you're looking for that price point item that will get the job done, we have it as well.

With factory sourcing in Taiwan, China and India we can find any tool on the market. IGS currently offers over 3,000 items and most of them are not listed in our catalogs or website, so if you're not finding what you're looking for please Contact Us.

Again our goal is simple, "GO THE EXTRA MILE AND EXCEED YOUR EXPECTATIONS". From the PROFESSIONAL TECHNICIAN using our tools daily, to the DO IT YOURSELF repair person, MasterTEC / AutoTEC tools won't let you down.
